

IT Personnel Changes

After 5 years as an integral part of the staff at Resurrection Life Church, J***** M***** has made the decision to leave and pursue other opportunities which will allow him new direction and growth in his career. J*****'s hard work and expertise has been the cornerstone on which many of the programs in daily use have been built, such as the ResLife websites, D**** G*****, and the Intranet. J*****'s knowledge has also made it possible to tie many of the different technologies together, creating bridges between the departments at RLC and allowing much of the information involved in the day to day activities of the organization to become easily shared and far more accessible.

J***** will remain on staff through the month of July to ensure the smooth transition of his responsibilities, and to finish the projects he currently has in production. J***** will be missed, and all of us in the IT department wish him great success in anything he chooses to do. Please ask for God's blessing for the decisions he has made, and will make going forward.

Thank you,

C*****
